This is the eighth in the ongoing series of Special Issues on Linear Algebra and Statistics of *Linear Algebra and its Applications*. The first seven Special Issues were:

1. Vols. 67 (June 1985), 70 (October 1985), 82 (October 1986, pp. 143–279), I. Olkin, C.R. Rao, G.P.H. Styan (Eds.).
2. Vol. 127 (January 1990), M.D. Perlman, F. Pukelsheim, G.P.H. Styan (Eds.).
3. Vol. 176 (November 1992), J.K. Baksalary, G.P.H. Styan (Eds.).
4. Vol. 210 (October 1994), J.J. Hunter, S. Puntanen, G.P.H. Styan (Eds.).
5. Vol. 237/238 (April 1996), R.B. Bapat, G.P.H. Styan, H.J. Werner (Eds.).
6. Vol. 264 (October 1997), R.W. Farebrother, S. Puntanen, G.P.H. Styan, H.J. Werner (Eds.).
7. Vol. 289 (March 1999), R.W. Farebrother, S. Puntanen, G.P.H. Styan, H.J. Werner (Eds.).

These Special Issues on Linear Algebra and Statistics contain papers on linear algebra and matrix theory and their applications to statistics and probability, as well as on certain linear-algebraic and matrix-theoretic methods associated with statistics and probability.

This Eighth Special Issue (edited by S. Puntanen, G.P.H. Styan and H.J. Werner) contains 26 research papers, some of which were presented at the Seventh International Workshop on Matrices and Statistics in Celebration of T.W. Anderson's 80th Birthday (Fort Lauderdale, FL, December 1998).

The Ninth Special Issue on Linear Algebra and Statistics (edited again by S. Puntanen, G.P.H. Styan and H.J. Werner) is in progress. We expect that this Ninth Special Issue will contain some papers presented at the Eighth International Workshop on Matrices and Statistics (Tampere, Finland, August 1999) and at the Ninth International Workshop on Matrices and Statistics in Celebration of C.R. Rao's 80th Birthday (Hyderabad, India, December 2000). Further information of this Ninth Workshop is available on the Web site <http://eos.ect.uni-bonn.de/HYD2000.htm>.
