

# 14<sup>TH</sup> INTERNATIONAL WORKSHOP ON MATRICES AND STATISTICS

Massey University, Albany Campus, Auckland, New Zealand

March 29 – April 1 2005

The purpose of the conference is to stimulate research and, in an informal setting, to foster the interaction of researchers in the interface between statistics and matrix theory. The Workshop will provide a forum through which statisticians may be better informed of the latest developments and newest techniques in linear algebra and matrix theory and may exchange ideas with researchers from a wide variety of countries.

Supported by the New Zealand Statistical Association
